## **NOWA NOWA UPDATE**

Gulf Mines Limited (ASX:GLM) announces that, due to the extreme fire danger conditions currently being experienced in the State of Victoria, the drilling programme proposed to commence early this calendar year has been postponed until conditions become less dangerous.

The exploration area is located in tall timber State forest immediately north of the township of Nowa Nowa in East Gippsland.

The Variation of Work Plan, submitted to the Department of Primary Industries (DPI) has been passed by them to the Department of Sustainability and Environment (DSE), and awaits their approval.
